Conferences			
	NA		

## Membership of Scientific and Professional Societies and Organizations

#	Society name	Date
1	Saudi Society for Quality	NA
2	Saudi e-Health	NA

## Teaching Activities

### Undergraduate

#	Course/Rotation Title	No./Code	Extent of Contribution (no. of lectures/Tutorials. Or labs, Clinics)
1	Health Education and Promotion	PUBH -225	3 Lectures and lab assessment
2	Health Administration	PUBH-301	7 Lectures and assessment
3	Public Health Quality Management	PUBH-308	5 Lectures and assessment
4	Graduation Project	PUBH-426	Supervising health cluster female students (2 groups)

### Brief Description of Undergraduate Courses Taught: (Course Title – Code: Description)

Health Education and Promotion	PUBH -225, this course is designed to meet the growing demand for health promotion/education in organizations (in the public and private sectors), as well as in various communities. In this course, students will learn about health promotion/education concepts, frameworks and core skills to increase the success of their health promotion practice.
Health Administration	PUBH-301, The course is related to principles of leadership, management, and administration of public health systems, health care systems, hospitals, and hospital networks.

Public Health Quality Management	PUBH-308, This course is concerned with topics and issues relevant to managing quality and safety in public health.
Graduation Project	PUBH-426, This course allows students to apply their research and statistical skills to formulate research questions, prepare research proposals, search electronic databases to retrieve and review relevant published research, apply appropriate research methods and statistic techniques, interpret results, and draw conclusions and recommendations for decision and policy making.

## Undergraduate

### Ongoing Research Supervision
