Summary

My goal is to be a value-adding professional member in my academic organization as well as a lifelong knowledge seeker; in addition I persevere to be an inspirational educator and an active role-model community member.

I have more than nine years of combined professional and academic experience. I am a passionate, creative, and energetic when it comes to teaching and learning. I have earned numerous teaching awards for my interior architectural design work.

Teaching subjects include **Environment control (Acoustics and Lighting) , Project Management, and Design Studio.**

EXPERIENCE:

2003

Architecture Leader. Design competition, Prince Mohammad Bin Fahd University (Second place winner).

2003

Architecture Leader. Design competition, Retirement Office building in Riyadh (Second place winner).
