

Academic Course Load

The number of study units (credit hours) that a student can register during the semester/academic year according to his/her cumulative GPA.

| The cumulative GPA for programs that require a 2.75 to graduate. [Architecture, Engineering, Design, Dentistry] | Cumulative GPA for the remaining programs | The maximum number of study units | |
|--|---|--|--------------------------|
| | | Annual system (First Years of College of Medicine only) | Semester system |
| Under academic warning | Under academic warning | 20 credit hours | 12 credit hours |
| From 2.75 to less than 3 | From 2 to less than 2.5 | 25 credit hours | 15 credit hours |
| From 3 to less than 4 | From 2.5 to less than 4 | As specified in the plan or 30 credit hours | As specified in the plan |
| 4 and above | 4 and above | 40 credit hours | 20-23 credit hours |

Benefits of academic course load

Following the approved study plan of the program.

Effective Planning for courses enrollment and selection according to the priorities of each academic level based on the cumulative GPA.

The duration of study should range between the standard duration of the program and the maximum graduation period.

Completion of study requirements within the program duration and before the maximum graduation period to avoid academic dismissal.
