

**Applications are invited from the Undergraduate students for Summer Research Program - 2023 (IRMC-SRP-2023) at
Institute for Research and Medical Consultations (IRMC)
at Imam Abdulrahman Bin Faisal University**

Summer Research Program at IRMC is a great opportunity for highly qualified and promising Undergraduate students. Students will be selected through a rigorous and competitive process. Students will be collaborated with our researchers in world-class facilities available at IRMC at IAU to covers a variety of research topics under the broad umbrella of Biotechnology and Nanotechnology. This contributes to new knowledge that's not only published in journals (Outcome of the IRMC-SRP-2019 is available at <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6945321/>), (Outcome of the IRMC-SRP-2020 is available at <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7839566/>), (Outcome of the IRMC-SRP-2021 is available at <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC8869260/>), (Outcome of the IRMC-SRP-2022 is available at <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC9997859/>) but also helps foster solutions that impact the society.

Duration: 6-8 weeks in the summer 2023

Last date to submit the application is **03-May-2023 | 13-Shawwal-1444**
