

Academic Specialty Satisfaction

How can you achieve academic satisfaction?

- exploring yourself and figure out your abilities and powers and experiences you got
- Making some specialty tests
- Keep searching and reading about your specialty and attending seminars in it
- Don't compare your specialty with others'
- Concentrate on the available future of your specialty
- Stop blaming yourself and others
- Stop rejecting and try to accept your reality
- so important, no university would make a department for it.
- Make a real efforts in studying and succeeding, which will make you feel self-satisfaction and superiority
- Keep benefit from counseling center services
