## **First: Executive and Procedural Rules of Imam Abdul Rahman bin Faisal University:**

### **Criteria for selecting distinguished researchers and distinguished research:**

1. The university may award one prize for distinguished research and another prize for distinguished researchers.
2. who meet the following conditions shall enter into the differentiation process for distinguished researchers:
  - The researcher must be an employee of the university, have worked at the university for no less than three years, or be a university student engaged in scientific research.
  - That his research activity is distinguished in quantity and quality.
  - That he be of good conduct and behavior, and that he did not commit any act in violation of the rules and regulations, and that no disciplinary measures were issued against him.
3. Distinguished research includes research that applies to it (Article 18) of the Uniform Regulations for Scientific Research in Universities, provided that the research is published in one of the distinguished scientific journals.
4. The process of nominating distinguished researchers or distinguished research to obtain prizes from universities or other scientific institutions is carried out by the council of departments, colleges and research centers at the university in preparation for submitting the matter to the scientific council for approval or rejection.
5. The process of selecting distinguished researchers or distinguished research is subject to a jury recommended by the Scientific Council.
6. The amount of the incentive award is twenty thousand riyals, in addition to a certificate of appreciation.
7. The Scientific Council may withhold any of the previous awards if the submitted works are not up to the required level or if the necessary conditions are not met.

## **Second: Incentive rewards for publication in refereed scientific journals with impact factor (JIF) that are received by the Scientific Council.**

### **A. Rewards:**

1. When publishing in a scientific journal with (JIF) ranging between (2) and (3.9), the researcher is given a financial reward of only (5,000) five thousand riyals.
2. When publishing in a scientific journal with (JIF) ranging between (4) and (6.9), the researcher is given a financial reward of (10000) only ten thousand riyals.
3. When publishing in a scientific journal with (JIF) ranging from (7) to (9.9), the researcher is given a financial reward of (15000) only fifteen thousand riyals.
4. When publishing in a scientific journal with (JIF) from (10) or above, the researcher is granted a financial reward of (20000) only twenty thousand riyals.

**B. The disbursement can only take place with the following controls:**

- To be published in the name of the university.
- The award shall not be disbursed more than five times per year for each researcher.
- If there is more than one researcher, in order to pay the award to all researchers, the principal researcher must be from Imam Abdulrahman bin Faisal University, and the award shall be distributed equally among them.
- If the principal researcher is not from Imam Abdulrahman bin Faisal University and the participant researcher indicated that he is from Imam Abdulrahman bin Faisal University, the reward percentage will be paid only to the participant from Imam Abdulrahman bin Faisal University and withheld from the rest of the participants.

**C. Published scientific papers for which the award is awarded only to one of the following:**
